CEASE AND DESIST

Why on earth would you compel me to remove a ventilator from the window?

Are you aware of the field-day counsel is having with this matter?

Please feel free to peruse the case information, I uploaded photographs of everything and submitted the recordings which come from above. Your accountants have submitted their legal invoices and damages in my rent bills; which inadvertently were paid.

I mean you and yours no harm – but this is a serious breach of my privacy and below is a simple image of how something as innocent as a ventilator is “deemed” a disturbance or “speaker”.

Please remove that camera that stares through my window immediately, I have repeatedly requested such from the superintendent, porter, and counsel and to no avail.

Respectfully,

Hi Adnan — how are you? I am following up on the voicemail that I just left you.

This is Rosalia from 2A — the neighbor in 2B has been banging very loudly for a few hours until after 10 and several other tenants from other floors have screamed down and complained with no regard or response.

This is not the first time and it gets progressively aggressive.

I am a young woman + very concerned about my safety in approaching this guy. Honestly, I am worried for the safety of the entire building.

Here's a video

Subject: Tenant at 111 Sullivan 2BR hammering and drilling late nights

Hi Adnan,

Here are my notes from this week.

- Sunday 3/29 tenant in 2BR was drilling again -- after the flood he caused with all the drilling he's been doing -- and hammering again from 10:18 PM until approximately 11 PM
- Wednesday 4/1 into Thursday 4/2 there was hammering and drilling (mostly hammering) at 1 AM that lasted for approximately 30 minutes.
- Last night 4/2 was outrageous, he started hammering after 9 PM And KEPT going until 10:27 PM - interrupted his hammering to have a screaming fight with neighbor on the 4th floor who was complaining about the crazy noise. Tenant in 2BR doesn't think he's doing anything wrong-- screamed at 4th floor neighbor that he's building a bed. It takes a month to build a bed?

I accidentally met the tenant in 2BR Monday morning. He asked me what floor I lived on and I said 3. He apologized for the noise and said he was hanging 2 chandeliers -- I didn't want to engage with him after what he did to the door of 3BR on Sunday morning and was super-creeped out by his following me from 2nd to 3rd floors, so I said OK and pretty much ran into my apartment, because I felt like he rushed to catch me in the building and up the stairs.

Thanks,

Miwa Messer

CAPTAINS LOG --- NUMBER 7 --- APPARENTLY KEPT TABS ON MY CHANDELIERS.

7. On Monday, March 30, 2020, Defendant followed me up the stairs to my floor in the Building in an aggressive manner, asking me what apartment I live in. Defendant then apologized for the banging and told me that he was installing two chandeliers in his apartment. He proceeded to drill and hammer in his apartment throughout the day.

8. Overnight from April 1-April 2, 2020, Defendant began drilling and hammering in his apartment at about 1 am for approximately 30 minutes, and began again at approximately 9:45 pm. A neighbor on the 4th floor of the Building began yelling from the hallway to Defendant to stop hammering, and Defendant responded by screaming something about building a bed. He then began hammering against at approximately 10:30 pm and would not stop.

10. On April 10, 2020, I emailed the Building super to inform him that Defendant began drilling and banging around in his apartment around midnight.

11. On the night of April 11-April 12, 2020, I was awoken at approximately 1 am when I heard my neighbor in apartment 3BR ask someone why he was leaving stuff on her door. I learned that my neighbor heard someone outside her door and found Defendant there, and asked him why he was leaving stuff on her door. He did not respond and left to go back downstairs. Thereafter, he began playing loud music in his apartment that could be heard throughout the Building.

12. Also during the night of April 11 – April 12, 2020, I heard drilling coming from Defendant’s apartment and it sounded as if there were wires being fed through the walls based on the scratching sounds being made inside of the walls.
13. Additionally, on April 12, 2020 at 12:29 am, the Defendant began screaming – 5 times in a row – that he’s “building a f*&ing bed.”
14. After the incident on April 12, 2020, my neighbor in apartment 3BR left the apartment to go stay with her mother in California. Another neighbor moved out as well as a result of Defendant’s behavior.

17. On April 19, 2020, I heard Defendant coming down the stairs in the building and heard what sounded like him pouring some liquid on the door of apartment 2BR. He was wearing a backpack and earbuds and very calmly turned to me and said “oh, hi”. I did not feel safe engaging with him and went back into my apartment.
18. I emailed the building super three (3) times that evening, and got yelled at by a cop for call 311 and wasting resources. I later received a call from Officer Bowen from the First Precinct who said that we cannot file a report unless someone is actually hurt. She informed me that it was the building’s responsibility to get Defendant out of the Building.
19. On April 19, 2020 at 1:15 am, Defendant started blasting music in his apartment. It sounded like he was stripping plastic sheeting from something (maybe packaging), and the hallway reeked of cigarette smoke. At 3am the music was still blasting and Defendant was banging around in the hallway with a tape gun. He then slammed his door – twice in an hour’s time.

MIWAKO G MESSERS DAILY REPORTS NUMBER 21 ----- EVERYBODY -- - EMERGENCY ----- MIWA HAS FOUND A MASK DURING THE COVID PANDEMIC

later found a blue paper face mask draped on the stairs up to the 4th floor of the Building.

22. On April 27, 2020, Defendant had the door to his apartment wide open while I was taking my trash out – his apartment stunk of cigarette smoke even though this is a non-smoking Building. He then started banging on the radiator and I wondered if he was going to flood the building again.

23. On April 28, 2020 I made three trips down the stairs in a 30 minute period – to take out my trash, for laundry pick-up and to bring packages up to my apartment. Each time the Defendant opened his door and watched me as I went upstairs. He later began drilling and hammering in his apartment, and also what sounded like sawing into the walls in his apartment. When I later passed by Defendant's apartment, I saw the damage that he caused by his drilling along the outside of his front door frame on the hallway side.

28. On May 6, 2020, Defendant began drilling near the radiator in his apartment at approximately 10:20 am, and began singing and screaming at approximately 1:20 pm.
29. On May 7, 2020, I again emailed Paul Regan and informed him that Defendant was screaming/singing at the top of his lungs and had been doing so for over an hour.
30. On May 8, 2020 I emailed the Building super to inform him that Defendant was drilling into his ceiling, and later in the day I informed the Building super that he had been going on and off all day since 2:30 am – and it sounded as if he was doing whatever he was doing next to and on top of his radiator.
31. On May 12, 2020 Defendant began drilling and hammering at 9 pm.
