Hey Paul,

Very sorry to disrupt your weekend but I was hanging a mirror in the bathroom and hit a pipe... I went downstairs to make sure the girl downstairs was ok, and thankfully it was not the horror show that I had imagined.

The plumber is coming monday at 8AM, per Adnan, who also said you can recommend a painter.

In any event, I am sorry to trouble you; but wanted to keep you in the loop in case the porter/cleaner/concierge had some other rendition. I included some pictures here for ease of reference.

Respectfully,

Bo Dincer.
